Assignment #11

Due Friday 4/29/11 by 6 p.m.

Always explain and show the calculations used to arrive at your answers.

Wooldridge  pp. 538-539:  #15.6, 15.10

Wooldridge  pp. 567-568:  #16.1, 16.2, 16.4

Wooldridge p. 570, #C16.1

Wooldridge, p. 615:  #17.6

for part (iii) of this problem, if you decide that OLS does not produce consistent estimators, then you should also suggest an alternative estimation method that would be better.
