1. **Teaching Assistant**: Greg Kozemchak (gkozemchak@wesleyan.edu), 215-692-3697.

2. **Discussion Sessions**: Greg will hold weekly discussion sessions Sundays from 8-10pm in PAC002.

3. **Purpose**: Macroeconomics deals with national economies structure, performance, and the policies used to try to affect economic performance. This course will be heavily influenced by current events. Upon completion of this course, students should be able to describe a country’s overall economic performance, define major players in the economy and their interrelationships, and summarize the basic structure of macro models. They should also be prepared for upper-level electives on a variety of macroeconomic subjects.

5. **Course Grading**: Final grades are calculated as the sum of 6 measures of communication: class participation (10), ps (10), midterm exam 1 (20), midterm exam 2 (20), midterm exam 3 (20), final exam (20).

6. **Assignments**: Problem sets will be given weekly as necessary. I will make available a solution key for turned in homework.

7. **Class Participation**: Please come early to class, ask questions when they arise, and rigorously participate in class discussion; I would not have much fun if I am the only one talking! I might also give group examples/problems to be submitted as a group, for your class participation grade. If you know that you will have to be late and/or leave early, please let me know in advance. Regular tardiness is unprofessional and will, at my discretion, negatively affect your grade.

8. **Exams**: The final exam is not comprehensive. If you cannot take any midterm in the case of medical emergency, I will assign up to 55 points of your total grade to the final exam provided that you give me a written proof. I will reschedule final exam only in the case of serious medical emergency.
