Placement Tests are due by June 28th, in preparation for Pre-Registration Planning which begins July 9th. Students will only be eligible to enroll in courses with required prerequisites if the course is recommended based on the placement test.

The Math placement test is mandatory for all incoming freshmen who do not meet the requirements outlined below.

The placement tests should be completed in a timely manner without any assistance. These tests should be used as a gauge to suggest which courses to take but should not be viewed as an exact indication for which courses students should take.

**LANGUAGE PLACEMENT TESTS**

**Russian, German, French, Italian and Spanish**
Some GCE A-Level, AP or IB scores may allow students to place out of introductory classes, however students interested in taking any of these languages are strongly encouraged to complete the placement exams even if they have received top scores.

**Japanese, Chinese (simplified) and Chinese (traditional)**
Regardless of GCE A-Level, AP or IB exam scores all students interested in Japanese and Chinese language courses must take the placement tests.

**Hebrew**
All students interested in taking Hebrew 201 or 211 must complete the placement test.

**MATHEMATICS PLACEMENT TEST**

Students who have reported their AP or IB results to Wesleyan and meet the following criteria may be eligible to take a 200 level Math course without taking the placement exam.

**AP**
A student who has scored a 4 or 5 on the Calculus AB or BC exam.

**IB**
IB students who have taken Higher Level Math and scored a 5 or higher. No exceptions will be made for Standard Level scores.

**ECON 110**
Students with a Math recommendation of Math 221 or 222 or 223 are eligible for ECON 110.

**GCE A-Levels scores cannot be used to waive the placement test**

All freshmen students who do not meet the criteria listed above are required to take the Mathematics placement test. No consideration is given to A-Level students.

**MUSIC THEORY**

Freshmen students who wish to take 200 level Music Theory courses this fall must complete the Music Theory placement exams.
