Absentee Ballot

The absentee ballot is an important way that registered voters may cast their vote if they are unable to appear at the polling place on the day of a primary, election or referendum due to one or more of the following reasons:
1) active service in the U.S. armed forces;
2) absence from town during all the hours of voting;
3) illness;
4) physical disability;
5) his or her religion forbids secular activity on that day; or
6) his or her required performance of duties as a primary, referendum, or election official at a polling place other than his or her own during all the hours on that day.

Town Clerks start mailing absentee ballots 31 days before an election, 21 days before a primary, or 19 days before a referendum/special election. Absentee Ballots are not mailed if there is a referendum with less than three (3) weeks' notice.

You should return your completed absentee ballot application to the Municipal Clerk in the town in which you are a registered voter in Connecticut. You can return your completed application by fax or e-mail as long as you return the original completed and signed application (in the outer envelope) with your voted ballot by the close of the polls on Election or Primary day.

You can always contact your Municipal Clerk for additional information.

Hours of voting:
- For an election or primary, polls in Connecticut are open from 6 a.m. to 8 p.m.
- Any elector standing in line at the polls at 8 p.m. will be allowed to cast a vote.
- Check with your Town Clerk for the hours of voting on a referendum, as they vary by town.

How do I vote?

The Optical scan machine is used by most in-person voters.

The Vote by phone option is available at every polling place for voters with disabilities or for any voter who prefers this option.

The Absentee Ballot if you are unable to appear at the polling place you can request an absentee ballot (please read absentee ballot section).

Identification
Do I need to show photo identification in order to vote? The short answer is no. However, we encourage you to continue to use your current driver’s license at the polling place when you vote. For most voters, acceptable polling place identification includes:
- any pre-printed form of identification that shows your:
  - name and address, or
  - name and signature, or
  - name and photograph
- a Social Security Card
You can request to complete and sign a statement at the polls under penalty of false statement on Form ED-681 entitled, “Signatures of Electors Who Did Not Present ID,” (which generally states that the person whose name appears on the official check list is the same person who is signing the form). If you did not provide proper identification when registering to vote you will be asked for additional identification.

Does the photo ID need to have the address printed on it?
No. A photo ID does not need to have your address on it (e.g. college student ID, employee ID or a U.S. Passport).
